

Oxygen Fighter

Pure Oxygen Gas Dissolution Equipment

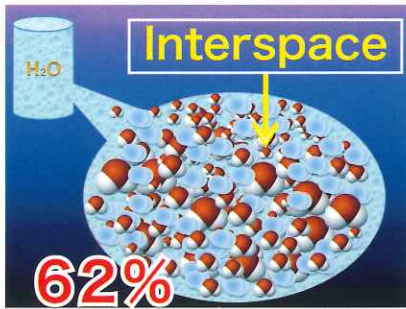

Raise
UP

'DO value'!

Possible to dissolve oxygen into water at higher density 50~100 times efficiency comparing with function by aeration!

You know "There are interspaces in water!". Succeeded in dissolving oxygen in the interspaces into water!

River & Lake Purification System

Wastewater treatment

Aquarium / Aquaculture

Hydrogen sulfide removal

Contribute purification of sedimentary rivers, lakes, marshes and industrial waste/pollution water by high density dissolved-oxygen!

Contribute improvement of the global environment with our High Density Gas Dissolution Technology!

DAIEI FACTORY CO.,LTD.

279 Sotonotani, Unoya-cho, Toyohashi City, Aichi Pref., Japan
